

PUZZLE 6

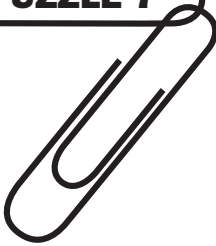

Use 2 red clips, 2 white clips, and 2 pink clips.

CLUE ① If a red clip and a pink clip traded places the chain would be symmetric

CLUE ② The chain contains exactly 2 clip couples.

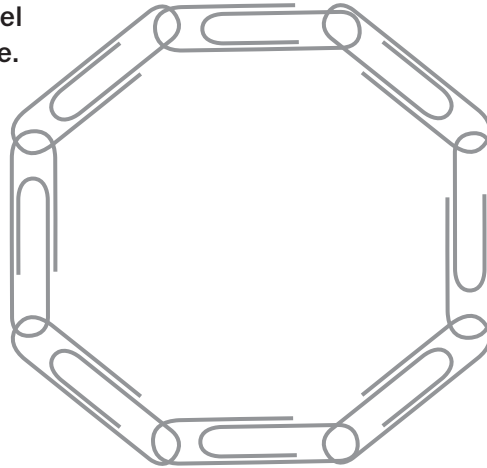

PUZZLE 7

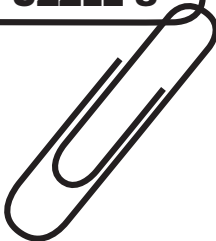

Use 4 orange clips and 4 blue clips.

CLUE ① No clip is parallel to its color mate.

CLUE ② Every orange clip touches at least 1 blue clip.

PUZZLE 8

Use 3 purple clips, 2 white clips, and 1 blue clip.

CLUE ① The chain is symmetric except for the 2 end clips.

CLUE ② The blue clip touches a white clip.
