

Zingo!

BINGO with a ZING

HOW TO PLAY

THE OBJECT:

Fill your Zingo® picture card up with matching Zingo® tiles and be the first to shout Zingo®.

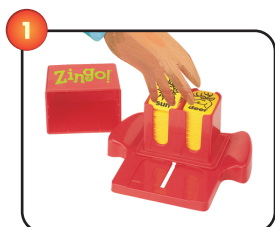

TO PLAY:

- 1.) Pick one player to be the dealer and operate the Zingo® Zinger (and decide whether to rotate who the dealer is each game or not).
- 2.) Players agree (or Mom decides) whether to play the Green side of the Zingo® cards or the Red side of the cards. The Green side is less competitive, because fewer of the same Zingo® picture images will show on different cards so players don't have to be fast to see the images. The Red side is more competitive.
- 3.) To play, the dealer slides the Zingo® Zinger back and forth, showing two picture tiles.
- 4.) If either picture tile matches the picture on their card, that player shouts out the name of the picture. Dealer then gives that player the tile to place on their Zingo® card.
- 5.) The first player to fill their picture cards with matching picture tiles and shout ZINGO®, WINS!

REMEMBER:

- 1.) There may be other players who have the same pictures on their Zingo® cards, so you have to be quick.
- 2.) You must play by the rules. No grabbing the tiles!
- 3.) If two people call out the name of the same picture tile at about the same time, the Dealer is the person who decides if someone was first, or if there was a tie.
- 4.) If the parent or Zingo® Leader wants to adjust the rules to make it more fair for different age players, you are welcome to do so.

SIMPLE STEPS TO PLAY!

1 Load the Zingo!® Zinger.

2 Push the top forward.

3 Pull the top back.

4 The Zingo!® tiles are revealed.
